XCEO Reduces the Price of its Specialized Board Portal for Nonprofit Boards

XCEO, Inc., a boutique consulting firm specializing in Extreme Personal Leadership® and Enlightened Governance™ has once again demonstrated its commitment to public sector boards by significantly reducing the price for its comprehensive BoardPortal PLUS® product.

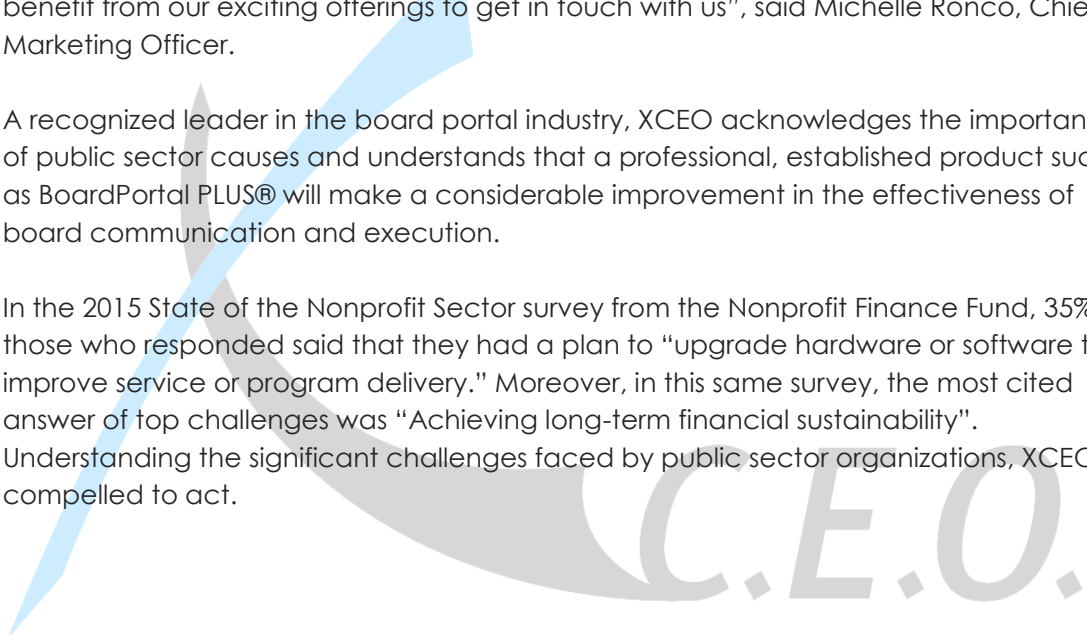

Recognizing the difficulty of non-profit, government and educational organizations to conserve money spent on administrative functionality in order to focus spending on their constituents, XCEO has made the full BoardPortal PLUS® product available to 501c3 firms at a compelling 75% discount. Non-501c3 boards in the public sector community can take advantage of a similarly substantial 50% discount. The strong security, ease of use and unparalleled director experience is perfect for these organizations looking to increase the efficiency and effectiveness of their boards.

“We are so proud to be a partner to so many public sector boards which provide important, meaningful services to our communities. Continuing our commitment to organizations laboring through challenging economic times, we are making our world-class portal product even more affordable. We encourage any board which could benefit from our exciting offerings to get in touch with us”, said Michelle Ronco, Chief Marketing Officer.

A recognized leader in the board portal industry, XCEO acknowledges the importance of public sector causes and understands that a professional, established product such as BoardPortal PLUS® will make a considerable improvement in the effectiveness of board communication and execution.

In the 2015 State of the Nonprofit Sector survey from the Nonprofit Finance Fund, 35% of those who responded said that they had a plan to “upgrade hardware or software to improve service or program delivery.” Moreover, in this same survey, the most cited answer of top challenges was “Achieving long-term financial sustainability”.

Understanding the significant challenges faced by public sector organizations, XCEO felt compelled to act.
