XCEO Announces Upcoming 6.0 Release of its Free Board Portal, BoardPortal PLUS® iPad App

The new version of XCEO's BoardPortal PLUS® iPad App comes with a refreshed interface, as well as an extensive list of new features developed in order to create a more satisfying mobile, portal experience. Below are some notable features included in update 6.0.

A dedicated storage space called the **Portfolio** has been added. Here users can save meeting materials locally, enabling them to have access to these resources anytime, even when offline. When connected, board books, the calendar, and community groups are automatically saved to the **Portfolio**. This sync feature permits users to once again access important resources when they find themselves without online connectivity. Board Secretaries now have the flexibility to modify the deletion date of board books saved in the **Portfolio**.

Version 6.0 includes email functionality allowing users to draft, send, reply, and receive emails in a secure environment. For added security, a purge mechanism has been put in place allowing users to remove data and inactivate an account in the event a device is lost or stolen.

The main community, comprised of board members, can now be expanded into different community groups. This feature enables individual non board members from different communities to email, share, and engage with the entire community.

XCEO's Web Services Director Mike Dobmeier shares, "I'm very excited about the new release of BoardPortal PLUS® 6.0, especially the sync feature. With this feature you do not have to worry about losing your data connection, because with auto sync you have the latest board books anytime, anywhere."

BoardPortal PLUS® 6.0 iPad App is the mobile equivalent to XCEO's online board portal, also called BoardPortal PLUS®. The portal provides the necessary tools for boards to share, communicate, and engage in a secure environment. Potential board partners can sign up for free access to the full Board Chamber offerings of BoardPortal PLUS® without obligation. XCEO and its proprietary portal, BoardPortal PLUS®, help to facilitate a more productive and engaged board, while saving boards anywhere from \$12,000 to \$24,000 annually in resource and compliance costs.

Dr. Curtis J. Crawford, President and CEO of XCEO states, "A significant difference between the XCEO BoardPortal PLUS® solution and other generic board portals, is our comprehensive value added focus on supporting the board, and directors, in all facets
